

**New: SJM - Strip Joint Machine**

**Patent pending!**

**Save time and money!** Profile your lap strip joint connectors yourself easily.

ART. FS-RVM-GA-01  
**SJM-Strip Joint Machine with Gearbox Adapter** for 18 volt Cordless Drilling Machines  
 L/W/H: 325/365/150 mm  
 Weight: 8.1 kg

ART. FS-RVM-01  
**SJM-Strip Joint Machine with hand crank**  
 L/W/H: 315/325/145 mm  
 Weight: 7.1 kg

ART.FS-GA-Kit-01  
**Gearbox adapter retrofit kit**  
 L/W/H: 340/85/140 mm  
 Weight: 1.6 kg

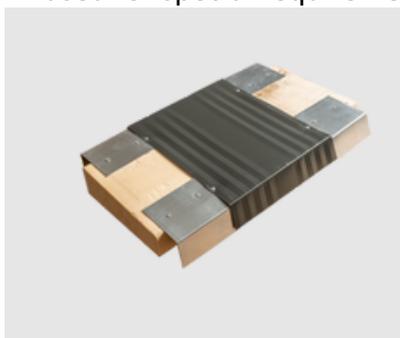

- Suitable for all coated and uncoated sheets
  - o Roll width: 250mm
  - o Sheet thicknesses: Aluminum, zinc, copper: up to 1.0mm      steel: up to 0.75mm
  - o Stainless steel: up to 0.6mm
- lap strip joint connectors with optimized geometry and smooth center web:

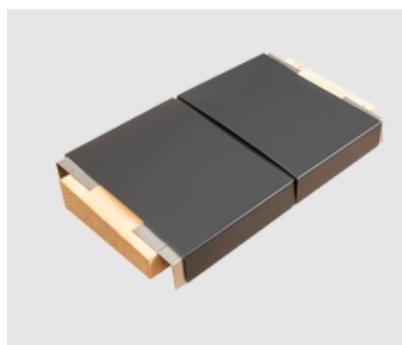

- o **Stress-free joint formation and even better aesthetics!**
- o **Safety in stormy weather with wind + rain confirmed by an accredited construction engineering institute!**

**Butt Joint designs with lap strip joint connectors** are convenient for all covers such as: wall claddings, window sills, cornice copings, ridge covers, etc.. and offer a lot of advantages:

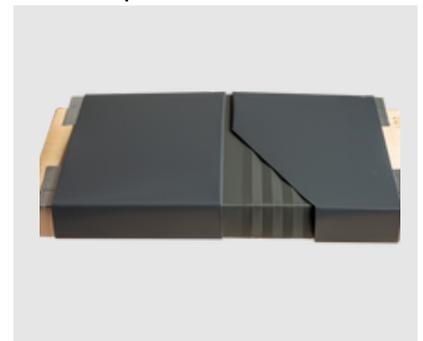

- Rainproof connection from an inclination of 3° on all covers
- No further sealing measures (additional sealing tapes can be used for special requirements)
- Expansion compensation
- Quick and easily assembly
- Perfect optics

Underconstr. with LSJ connector...

Butt joint in perfect optic
